The Dances of Universal Peace (DUP) draw on the sacred phrases of many traditions, blending chants, live music and simple devotional body prayer into a living experience of unity, love and peace. DUP originated through Samuel Lewis in the late 60's. He was a charismatic and much-loved Mystic deeply steeped in many Spiritual traditions.

This weekend will be experiential, offering training, guidance and deepening. **A quote from Murshid SAM:**

*“Chanting and dancing the names of God is the easiest, quickest and one of the most beautiful ways to God, to the One Source of All”*

Mentors and long-time leaders of the Dances of Universal Peace, Premanand and Amrita are passionate about sharing their love of these Dances. Dancing with them is joyful and meditative, uplifting and grounding, encouraging us to remember our Inherent Nature.
